## **DETAILED ACTION**

### ***Specification***

The disclosure is objected to because of the following informalities: the references of page 1 of the specification under the section entitled "Reference to Related Applications" are improperly listed. The full application numbers for each reference are necessary.

Appropriate correction is required.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

The term "appear to be similar to a viewer", and similar terminology, in claims 1 and 11 is a relative term which renders the claim indefinite. One of ordinary skill in the art would not be reasonably apprised of the scope of the invention. The term is based on the subjectivity of a user, which is inherently indefinable. Users' opinions as to what constitutes appearing "similar" may vary greatly, and as such the claims are rendered indefinite. As a result, claims dependent upon claims 1 and 11 are similarly rejected.

### ***Allowable Subject Matter***

Claim 21 is allowed.

The following is a statement of reasons for the indication of allowable subject matter: the amended limitations of claim 21 are sufficient to overcome the rejection of record and were not found in a further search. Specifically, the limitation of "the resulting image on the first and second display areas is continuous within a tolerance value", is not taught or fairly suggested by the prior art of record, or any further art discovered by the examiner.

Claims 1-20 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
